KERN LEADS FOR SENATOR

Indianapolis, Ind., Nov. 15.—Indiana democrats are putting forth a large crop of senatorial aspirants, and the contest for Mr. Hemenway's seat is the liveliest in many years. In fact, there has been no such struggle since 1887. John W. Kern, defeated candidate for vice president, seems to have the lead, and has the backing of W. J. Bryan. Benjamin F. Shively, with a creditable record in congress and a very strong following, is his chief competitor and a formidable foe. He has been democratic candidate for governor and has been nominated for senator before. John E. Lamb of Terre Haute, George V. Menzies, of Mount Vernon and L. E. Slack of Franklin are also active candidates. There is also a possibility that Thos. Taggart may enter the contest. No one believes he could be elected, but he could so weaken the Kern forces that Shively would have a walk-over. Taggart and Kern have been such close friends, however, that this contingency is not greatly feared.

STORE BURNED

A store burned at Frisco last night, but the name and loss is not known.

Sheriff T. J. Smith and County Attorney Wimbush were summoned there to investigate the matter, so the News is informed.

Frisco Fined.

Guthrie, Okla., Nov. 12.—For failure to comply with the regulations regarding facilities for the proper accommodation of passengers, the corporation commission today assessed a fine of \$100 upon the Frisco railway. The instance complained of is the company's station at Tulsa.

MEAN NEGRO DEADLY SHOT

Officers Murdered.—Pandemonium Reigned.—Riot Rampant. Four Were Killed.

Late From Okmulgee.

Special from Okmulgee, 2:30 p. m. The citizens generally continue to discuss yesterday's tragedy when the sheriff of this county and assistant chief of police of this city, a negro murderer and two brave negro assistant officers were killed. It has been found necessary to require the presence of the militia and it is certain that the local bullies can take care of any contingency.

This wholesale killing, through the undertaking to arrest a bad negro who had beaten up an Indian, occurred near the Frisco depot and during the time the regular south bound train was in front of the Frisco depot. Practically the entire train load of passengers unloaded when the shooting began and ran to the rear end of the train and was looking interestedly and excitedly in the direction of the firing. It appeared that some of the passengers were fresh from the east, probably never having previously visited this section and even in the midst of the destruction of human lives it was almost humorous to notice some of the more timid ones when the bombardment proper began, fly to the shelter of the front coaches.

Okmulgee, Ok., Nov. 15.—Eight persons were killed and ten others wounded this afternoon in a fight between Jim Deckard, a negro desperado, and law officers. The dead: EDGAR ROBINSON, sheriff of Okmulgee county.

HENRY KLABER, assistant chief of police of Okmulgee.

Two negroes named Chapman (brothers.)

JIM DECKARD, negro.

Steve Grayson, Indian boy, fatally beaten.

Vic Farr, chief of police, shot through shoulder.

Deputy sheriff, name not learned, arm broken.

Seven others slightly wounded.

The disturbance began at the St. Louis and San Francisco railroad station where Jim Deckard engaged in a fight with an Indian boy, Steve Grayson, and beat him into insensibility with a rock.

Friends of Grayson notified the police, and when Policeman Klaber went to the station, Deckard fled to his house near-by, barricaded himself in, and when Klaber approached Deckard shot and instantly killed him. Sheriff Robinson gathered a posse in a few minutes and hurried to the scene. Part of this posse was made up of a group of negroes whom the sheriff commissioned as deputies. As the posse approached the house Deckard opened fire with a rifle, firing as rapidly as he could, then reloading his weapon. The sheriff fell first, instantly killed. Then the two Chapman brothers, negroes, were slain. Deckard's house was soon surrounded by a frenzied mob of armed men. Fire was set to a house just north of Deckard's. Volleys were poured into Deckard's house and he was shot down. He was seen to roll over on the floor, strike a match and set fire to his own house, which was soon a roaring furnace in which his body was baked. Deckard evidently had a large quantity of ammunition stored in his house, for many cartridges exploded while the house was burning.

When it became known that no other negro had assisted Deckard against the officers the talk of reprisals subsided.

Governor Advised; Streets Patrolled.

A telephone message from Governor Haskell at 11 o'clock tonight says he will not order the Muskogee company to Okmulgee unless he receives further information. The officials have advised him that the town is quiet, though there is still much feeling over the event of this afternoon. The streets of Okmulgee are being patrolled by armed men and it is thought morning will find the town restored to its usual quiet.

During the past week district court has been in session at Okmulgee and there has been wholesale conviction of negro bootleggers. Yesterday a protest was made because a white jury convicted the negroes as fast as they came up for trial. A negro woman was to be tried Saturday and Judge Alexander had a special jury composed of negroes to try her. She was acquitted. This caused a bitter race feeling and tomorrow an effort will be made to quash the panel of negro jurors.

Inflicts Own Punishment.

San Francisco, Cal., Nov. 14.—Morris Haas, who shot Francis J. Heney yesterday, took his own life while in the county jail tonight. Haas shot himself through the head.

One report says that the pistol with which Haas shot himself was concealed in his shoe, where he hid it before shooting Heney.

Another report says the pistol was secretly passed to Haas by a friend since his incarceration.

A CONDITIONED WELCOME.

Ada offers every courtesy to legitimate business, and it is gratified to welcome at any time the stranger within its gates, and all it asks, is that the same treatment be accorded the citizens, as well as the peace, and the welfare of all concerned. It is recognized that Ada has assumed metropolitan clothes, so we must adapt ourselves to the changed conditions. However, we do not want to forget entirely the simple, sane and safe way.

BRYAN IN MEXICO.

Monterey, Mexico, Nov. 15.—William Jennings Bryan and wife will arrive in Monterey on the 18th of this month and will spend two weeks here as the guest of Col. and Mrs. J. A. Robertson at Belita Vista. This information was contained in a letter received from Mr. Bryan today by Col. Robertson. Mr. Bryan stated that he was coming for a rest. He made inquiry as the prospects for duck shooting here and will probably be able to find something in the shooting with the local sportsmen. The society of the American Colony will probably arrange some entertainment in honor of the distinguished Nebraskan so that he may meet all the Americans here.

No kind act ever goes unrewarded.

The democratic party in the nation is not completely squelched, nor is it in Oklahoma.

Principles of government live forever, and those who are in harmony with them will be able to make a satisfactory explanation.

This balmy weather is something akin to sunny Italy. Even Southern Texas could not give us a more bracing atmosphere or clearer skies.

With street carnivals, an all-week opera company, Ada is assuming more metropolitan airs. Another thing about it, is that the dear girl takes it demurely and just like she was accustomed to all of the bustle.

When the democrats from the broad prairies, the valleys, the hills, the "neck o' the woods" and the "forks o' the creek" all report, the majority will resume a safe majority over all opposition.

WIDE SCOPE IN DECISION.

Fundamental Principles Outlined by U. S. Supreme Court.

New York, Nov. 15.—The sweeping character of the recent decision of the United States Circuit Court in declaring the American Tobacco Company to be a combination in restraint of trade is attracting widespread attention in business circles and among members of the legal profession who have given special attention to the trust question, not so much for its immediate effect, on the allied tobacco interests, but more particularly for its scope and effect upon all classes of industrial combinations engaged in interstate traffic. An appeal from this decision to the United States supreme court is now in active process of preparation by counsel in the case.

There has been a series of judicial interpretations of the Sherman act, both in the federal court and in the United States supreme court, but the consensus of opinion is that the recent decision in the tobacco case gives a definiteness and scope of interpretation for beyond any judicial utterances heretofore made. The full text of the decision disclosed, in the language of the judges, the gradual development of judicial interpretation of the law up to the present time, Judge Cox, one of the concurring judges, stating that "since the Knight case (against the sugar refiners) the tendency has been constantly toward a wider scope of the statutes".

WAS THE LAST INDIAN FILING

Muskogee, Nov. 14.—The last Indian of the Five Civilized tribes to file on his allotment walked into the Dawes commission and selected his land yesterday afternoon just before the gong in the hall of the Dawes commission clanged the hour of 5 o'clock.

He was an aged full-blood Cherokee. About twenty-five Cherokees filed yesterday. Those who did not appear will be arbitrarily allotted.

Thus another milestone in the history of the Indian in Oklahoma has been passed. The red man must now bear the white man's burden.

Work of Eleven Years.

Eleven years ago a little party of government officials, headed by Harry L. Dawes, came to Muskogee and established what was known as the Dawes commission. Here they found a vast territory undeveloped with the cattlemen in control.

It was the duty of this commission to divided millions of acres of land among 80,000 Indians, which was similar to the settling up of a vast estate. It was first thought the work could be done in three or four months, but this idea soon vanished

when new obstacles daily confronted members of the commission. To ascertain the degree of blood of each Indian, to what tribe he belonged and the weeding out of the rightful land owners from the imposters was a gigantic task.

CHINESE EMPEROR DEAD.

Dowager Empress Also Expected to Die.

Pekin, Nov. 14.—The emperor died at 5 o'clock this evening. He had been ill for a long time and during the recent audiences with foreign representatives he was unable either to sit up on the throne or even in an erect position. It was evident for a long time that he would be unable to withstand a crisis which sooner or later must develop in the disease from which he was suffering. Recent climatic extremes caused fatal complications.

At the moment of the death of the emperor, the dowager empress' own death chamber chair was waiting in the courtyard. She too, had been in a serious condition and word that was brought to her earlier in the day that the emperor was dying caused her to collapse. This has prevented her from assuming the relationship of grand-mother to the successor to the throne, which, according to the Chinese system, would enormously augment her authority.

There is little indication of emotion among the people over the events which have been transpiring. The emperor's death and the probable death of the dowager empress within a very short time have had but little effect upon the Chinese, who are pursuing the even tenor of their way without signs of mourning.

Pekin, Nov. 15.—Tse Hsi An, the Dowager Empress of China, the autocratic head of the government which she directed without successful interference since 1861 and without protest since 1881, died at 2 o'clock this afternoon. The announcement of the Dowager Empress' death was official and followed closely upon the announcement that Kuang Hsu, the Emperor, had died yesterday at 5 o'clock in the afternoon, but it is believed the deaths of both the Emperor and Dowager Empress occurred a considerable time before that set down in the official statements. An edict issued at 6 o'clock this morning placed on the throne Pu-Yi, the 3-year-old son of Prince Chun, the regent of the empire, in accordance with a promise given by the Dowager Empress soon after the marriage of Prince Chun in 1903. An edict issued Friday made Pu-Yi heir presumptive.

"93" HAIR TONIC

Our faith in the superior remedial qualities of Rexall "93" Hair Tonic is so strong that we promise to return your money—without question or quibble—if it does not do what we claim it will.

Because it contains Resorcin, Beta Naphthol, Pilocarpin, Borax, Glycerin and Alcohol in perfect combination, Rexall "93" Hair Tonic provides the softening, cleansing, antiseptic, germicidal, stimulating and nourishing properties, so desirable and necessary for the successful treatment of scalp and hair troubles.

If used according to directions for a reasonable length of time, we are absolutely positive that it will thoroughly cleanse the scalp and hair, relieve irritation, eradicate dandruff, stimulate the hair follicles and papilla, revitalize and nourish the hair roots, stop falling hair, prevent baldness, promote hair growth and make the hair naturally soft and silky.

You must realize that we would not dare back up our claims with such a liberal offer unless we were positive that we can substantiate our statements in every particular, and the most skeptical person should at least be willing to try Rexall "93" Hair Tonic at our risk.

Oklahoma Legislature.

Guthrie, Ok., Nov. 15.—Below is given a list of the members of the Second Oklahoma legislature. There are 109 in the house and 44 in the senate. Thirty-two members of the new house were members at the last session and three were members of the constitutional convention. Eleven of the newly elected senators were there last year, eleven being new, twenty-two holdover from last term. The political division of the constitutional convention was 99 democrats, 1 independent and 12 republicans; of the first legislature, house 109 democrats and 18 republicans; senate, 39 democrats and 5 republicans, or on joint ballot 130 democrats, 23 republicans. This year the strength on joint ballot will be 101 democrats and 52 republicans. However, two contests pending over house seats and two over senatorial seats could move the totals either way. The number of democrats given as the house membership contemplates all democrats seated, while the senatorial figures give one contest to democrats and one to republicans. These three are the only elections the new state has held. The address of house members is by county; the address of senators being by postoffice.

Has a Brother in Ada.

In Sunday's Dallas News, a page write-up is given the government immigration department at Galveston. Among those mentioned for efficiency and whose picture appears in connection with it, is E. B. Holman, a brother of E. W. Holman, the pharmacist at Ada Drug Company. The News says: "The immigration inspector in charge of E. B. Holman. Mr. Holman has complete charge of the Texas water line. In 1894 he was appointed secretary and member of the Ellis Island Board of Special Inquiry and remained there until Jan. 13, 1903, when he was sent to Galveston. He is a Mississippian and attended the University of Mississippi. "The process of passing on incoming passengers goes like clock-work. When a vessel is reported the health officer goes aboard at the quarantine station, and the immigration inspector's boat goes out to it. On the way to the docks the first and second cabin passengers are examined, and on the boat landing they are ready to step ashore. "The steerage passengers are next taken up. Each has pinned to his or her clothing a large numbered card, corresponding to the ship's records, on which for convenience and accuracy each is given a number in addition to his name."

It isn't so difficult to strengthen a weak stomach if one goes at it correctly. And this is true of the heart and kidneys. The old fashioned way of dosing the stomach or stimulating the heart or kidneys is

surely wrong! Dr. Shoop's first pointed out this error. "Go to the weak of ailing nerves of those organs," said he. Each inside organ has its controlling or "inside nerve." When these nerves fail then those organs must surely falter. This vital truth is leading druggists everywhere to dispense and recommend Dr. Shoop's Restorative. A few days test will surely tell! WHAT THE KIDNEYS DO.

Their Unceasing Work Keeps Us Strong and Healthy.

All the blood in the body passes through the kidneys once every three minutes. The kidneys filter the blood. They work night and day. When healthy they remove about 500 grains of impure matter daily, when unhealthy some part of this impure matter is left in the blood. This brings on many diseases and symptoms—pain in the back, headache, nervousness, hot, dry skin, rheumatism, gout, gravel, disorders of the eyesight and hearing, dizziness, irregular heart, debility, drowsiness, dropsy, deposits in the urine, etc. But if you keep the filters right you will have no trouble with your kidneys.

W. Y. Littlefield, living on W. 16th street, Ada, Okla., says: "I procured Doan's Kidney Pills at G. M. Ramsey's drug store, and found most prompt and genuine relief from an aching through the small of my back, that had caused me much misery for a long time. Doan's Kidney Pills not only relieved the distressing symptoms of kidney disorder, and corrected that too frequent action of the kidney secretions, but also caused the burning sensation that had accompanied the passages of the secretions to completely disappear. I am only too glad to recommend Doan's Kidney Pills to other sufferers of kidney complaint as they proved of more benefit to me than any remedy I had previously used"

For sale by all dealers. Price 50c. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

739, Hatchett (Rep.) 15,727, Carter (Soc.) 5,769.

Quite a number of expense accounts were filed today. Creagor (Rep.) candidate for congress in the Third district, spent \$1,297.78, to be elected, while Davenport (Dem.) spent \$1,675.76. Morgan, in the Second district, spent \$33.34. Banks (Soc.) candidate in the Third district for congress, was at no expense according to his affidavit. Charles Carter, re-elected to congress from the fourth district, spent a total of \$192.01, the largest items aggregating nearly \$100, for sending out circulars reminding the voters that he was not N. Carter the socialist candidate in that district. Major Packett, republican candidate in the same district, shows an expense amounting to \$208.551. A. Champlin, negro member of the legislature from Logan county, was at no expense by reason of the election, according to his statement on file. Reynolds of Atoka, socialist, candidate for state corporation commission, spent \$320.30, and Col. Watson, the democratic candidate, spent \$203.38. There are many individual statements that have not been made.

The state republican committee made a report of its receipts and expenditures, showing that the campaign cost \$15,390.99, and that it finishes \$705.94 in debt. From about 800 contributors the committee states that it received a total of \$10,185.05. The only contribution from the national committee was \$3,450, the sum Oklahoma people contributed to the national campaign. Added to this was about \$1,000 received from the old state committee and used in payment of its indebtedness.

Among the Oklahoma contributors the largest was \$775 from the Bart-

lesville Republican Club. Dennis T. Flynn, republican candidate for United States senator, is shown as contributing \$250. Among the lists of expenditures is \$250 as incidentals for the privilege special train through Oklahoma. The other items are postage, speakers, etc.

The state democratic committee's statement shows it spent \$13,036.11, of which \$476.14 remains unpaid. The total, the statement says, does not include \$2,190, cost of the Haskell special train, that having been paid, it says, by contributions made in the towns visited en route. The committee makes no report as to money received. However, some time ago it published a statement giving a list of the contributions to that time, amounting to \$7,197. Chairman Thompson said today that he will make another list public in a few days and show all moneys contributed. Public reports of that character, the state election board, says, will not be accepted as official.

The socialist state committee made the best showing of any. It received a total of \$1,711.81 and spent \$1,399.90, having on hand, and no debts to pay, \$311.91. Among the contributors is "Mother" Jones of Chicago for \$2.50. The largest expenditure of this committee was for socialistic literature and its distribution. The first district democratic committee spent \$1,045.50. Republican committee spent \$1,559.35 and received in contributions \$1,390.50. Bird S. McGuire, republican candidate in the first district, shows expenses amounting to \$225.

Cough Caution

Never, positively never poison your lungs. If you cough—even from a simple cold only—you should always heal, soothe, and ease the irritated bronchial tubes. Don't blindly suppress it with a stupefying poison. It's strange how some things finally come about. For twenty years Dr. Shoop has constantly warned people not to take cough mixtures or prescriptions containing Opium, Chloroform, or similar poisons. And now—a little late though—Congress says "Put it on the label if poisons are in your Cough Mixture." Good! Very good! Hereafter for this very reason mothers, and others, should insist on having Dr. Shoop's Cough Cure. No poison marks on Dr. Shoop's law be on the label. And it's not only safe, but it is said to be by those that know it best, a truly remarkable cough remedy. Take no chance then, particularly with your children. Insist on having Dr. Shoop's Cough Cure. Compare carefully the difference. No poison marks there! You can always be on the safe side by demanding

ANOTHER DIVORCE PROBABLE

Miss Anna Gould Again in Trouble With French Counts.

New York, Nov. 14.—The second romance of the Princess de Sagan who was formerly Miss Anna Gould is shattered. Within the last 48 hours her close personal friends in this city as well as those connected with the care of her estate have learned she is being driven to the divorce court again.

A formal denial of the rumored di-

vorice was made by the princess yesterday but it was definitely learned from unimpeachable authority that the princess has been having a more distressing life with De Sagan than she had with her first husband, Count Boni Castellane, and that it is merely a matter of days before she will ask legal divorce.

A detailed story of the indignities that are said to have been heaped upon the American heiress is set

forth, according to her lawyer, in a copy of a petition by Castellane demanding the custody of his children. Efforts have been made to suppress the count's petition for a time, but it is said to be a scathing denunciation of Prince de Sagan's action since he married the divorced wife of the count. After learning of the count's charges the princess is said to have begun a suit for separation from her husband.

Twin Sisters Admitted to Supreme Bar.

Washington, D. C., Nov. 14.—Two Washington women, Miss Ethel A. Colford and Miss Florence M. Colford, twin sisters, have been admitted to practice before the supreme court of the United States.

The Misses Colford have been practicing law in this city for several years and have been associated with their uncle, Clarence Colford. Their office is in the Bond building.

They were born in Halifax, Nova Scotia, but received much of their education here, graduating from the Convent of the Visitation. Their legal studies were pursued at the Washington College of Law, from which they graduated in 1903 as bachelors of law. The following year each received a degree of bachelor of law. Last year George Washington University conferred upon each of them the degree of master of patent law, this being a unique distinction, as they are the only women who hold that degree.

Shortly after graduating from the Washington College of Law they were admitted to practice before the supreme court of the District of Columbia and court of appeals. They are members of the Washington Legal Aid society.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

We have sold goods in Ada six years, but we don't ask you to trade with us for the reason we do business in Ada or because we are friends. Neither do we send you prices and descriptions and insist on you sending us the money without personal inspection of our goods, as catalogue houses do, but ask for your trade on the broad ground of good, reliable goods, sold at fair prices and easy terms, with the fact made prominent that we carry a good reliable stock.

We call special attention to our Rockers shipped direct from the factory; no middle man's profit. They are selling fast. Six Upholster Rockers went out Friday and Saturday. We placed rush orders today to supply the demand. When you are in our store, ask to see our Iron Beds, especially a Vernis Martin, two inch post for \$16.00. We solicit your inspection of our stock.
